

## A collage of various line drawings. At the top, a horse is depicted in profile, facing left. Below it, a duck is shown in profile, facing right. To the right of the duck, a person with glasses and a bow tie is walking towards the right. In the upper left, there is a circular diagram with several small cubes or dice inside. Below this, a large, ornate bowl or vessel is shown, with a small figure standing next to it. To the right of the bowl, a large, ornate building with many windows and a flag on top is depicted. In the lower left, a small boat is shown on the water. In the lower right, a large, ornate building with many windows and a flag on top is depicted. Various mechanical and scientific instruments are scattered throughout the collage, including a telescope, a microscope, a balance scale, and a clock. The drawings are done in a simple, sketchy style with black lines on a white background.
